## **EXPERIENCE**

Persevere - Volunteer Peer Facilitator (Tazewell, TN | January 2025 - May 2025)

- Provided individualized and group support to help students understand key web development concepts.
- Monitored and guided student assignments and projects by providing feedback and project goals.
- Fostered a collaborative learning environment by adapting support to individual learning styles.
- Assisted instructor by answering questions, troubleshooting code, and reinforcing key programming concepts.
- Reviewed student submissions for accuracy, completeness, and adherence to project standards.

Chris Daniels Construction - Construction Worker (New Tazewell, TN | April 2020 - May 2022)

- Cut and assembled lumber for residential and agricultural construction projects.
- Wired homes according to electrical codes and safety standards.

- Built houses, barns, porches, and other structures from the ground up.
- Installed and repaired roofing systems, including shingles and metal roofs.
- Operated heavy equipment for excavation, material transport, and site preparation.

Giles - Production Associate (New Tazewell, TN | April 2018 - April 2020)

- Performed back paneling tasks to prepare products for final assembly, ensuring alignment with quality and safety standards.
- Conducted rework operations on defective or returned items to meet company and customer specifications.
- Inspected components and finished goods for defects, making necessary repairs or adjustments.
- Collaborated with team members and supervisors to meet daily production quotas and deadlines.
- Logged and reported production data, material usage, and issues encountered during shifts.
